ACTR modifies MSB route in response to Cross Street Bridge construction

Middlebury, Vermont... Effective Monday, April 5, 2010, construction work on the Cross Street Bridge in Middlebury will require ACTR to modify its Middlebury Shuttle Bus Route 7 South (MSB-7 South) service. This change is expected to be in place for several months while construction continues.

During this time, the MSB-7 South loop will be unable to stop at Mary Johnson Children's Center (MJCC) or use Cross Street. Riders to and from MJCC will need to access ACTR from a Court Street bus stop. Buses will enter and exit Middlebury Union High School from Route 7 South.

As work continues downtown in preparation for the October opening of the Cross Street Bridge, ACTR anticipates additional modifications to its services. ACTR will post all information on any changes due to construction on its website, at the Merchant's Row Bus Shelter and on the buses.

For more information, please call 388-1946 or go to www.actr-vt.org.
